

**Random Rolling
Multiplication Practice
Math Activity for 4th Grade**

Random Rolling

Purpose: The purpose of this game is to help students practice 3 digit X 2 digit multiplication with randomly generated numbers.

Materials:

- game board
- 5 dice
- white board or scratch paper
- dry erase pen or pencil

Game Board:

X		

Directions:

1. Student rolls all 5 dice at the same time
2. Student places each die in one of the boxes—3 dice on top and 2 dice on the bottom
3. On scratch paper or white board, student completes the multiplication problem and writes the answer on the white board
4. If playing with more than one student, one student rolls, places dice, all students work to complete the problem
