Shape Concentration

Kindergarten
Shape Concentration

Shape Concentration

Directions:

1. Please cut the shape cards apart.
2. Place game pieces face down in a grid (like Concentration).
3. Now you are ready to play. Turn over two pieces. If they match, name the shape and keep them. If they do not match, name the shape and turn the pieces back over and the game continues.
4. Continue until all of the shapes have been uncovered.
